

Surgery Drop off Instructions :

Kittens and Puppies can have half a meal the morning of surgery, but withhold food after midnight for adults!

Animals must be dropped off between 7:15-8:00 for surgery the morning of OR they can be dropped off the day before any time between 8-5 pm. Animals will usually stay at the shelter after surgery to be adopted. If you have a potential adopter for your foster, please make sure they have filled out the adoption application and have been approved. Please fill out the foster personality form prior to dropping off.

Come to the back door next to the foster storage box. Contact info is on the door to notify when you arrive.
